LIBRARIAN'S REPORT

This has been a record year with an increase in circulation of 20%, this being mostly in the juvenile department.

1574 books were borrowed from the Bookmobile and 57 by special request from the State Library.

A special effort was made during the year to replace worn and purchase duplicate copies of many of the classics.

The trustees recently purchased a set of the Americana Encyclopedias, 1960 edition.

New lights have been installed in the children's corner of the reading room.

A new powder room was added this year, converted from a closet formerly used for magazine storage.

The second observance of National Library Week was held April 12 through the 18th. There were exhibited many displays of various antiques and items of early Kingston by local residents.

The Kingston Garden Club gave a beautiful Christmas wreath, for the door of the library, during the holiday season.

We wish to express thanks and appreciation to the following who have donated books during the year:

Kenneth Briggs, Mrs. Andrew Christie, Mrs. Harriett Dadmun, Mrs. Clarence Gifford, Mrs. Ray Gove, Scott Lindsey, Mrs. Dale McLean, Mrs. Charles McNeill, Mrs. William Modlich, Mrs. Charles Morse, Mrs. Rolland Perry, Mrs. Forrest Rogers, Mrs. Benjamin Russman, Mrs. Nils Sander, Wayne Winslow, the Christian Science Publishing Co. and the N. H. State Library.

Respectfully submitted,

GLADYS M. MERRICK,
Librarian

REPORT OF POLICE DEPARTMENT

This department's work has consisted mostly of preventative measures, mainly periodic road checks, of which we had five in 1960, Holiday and weekend traffic, and during the off-seasons, regular inspections of summer homes, camps and unoccupied dwellings.

During 1960 we assigned Police Officers each Sunday at church to insure the safety of Sunday School pupils and their parents going to and coming from church. One officer each week and when possible, two were used.

Also during 1960, a regular night patrol was initiated (every night), and it stays out for one to two hours each night depending on conditions. The officer on this nightly patrol rides over seldom used roads, checks stores, garages, camping areas and checks registrations of autos that may seem to be an unusual area or acting strangely. This patrol has been made usually by the Chief or Officer Collins in a radio equipped car or, if by one of the special officers, in his car with a portable radio. This being very late at night.

The results of this night activity have been very encouraging, as our B&E complaints have been greatly reduced, also minor motor vehicle complaints are less.

Members of the Police Department have appeared in court fourteen times with complaints in 1960.

Three for operating while intoxicated.

One for attempting to bribe a Police Officer.

Two for operating after revocation of license.

One for driving to endanger.

One for driving too close.

Three for excessive speed.

One for drunkenness.

Two miscellaneous.

Four trips have been made to Registry of Motor Vehicles, Concord in 1960.

Two trips to Concord State Hospital.

Our road checks normally run three to four hours duration. In that period we check 150-175 autos, as a result an average of 20 to 25 will be found to have defective equipment or some other form of motor vehicle violations.

There were twenty four automobile accidents during 1960 handled by this department, five less than in 1959. Eleven persons were hospitalized or reported injuries, nine fewer than in 1959.

The Registry of Motor Vehicles found cause to suspend the licenses of five persons. Two for driving after drinking and three for actions that took place in Kingston on Halloween night.

The Auxiliary Police and CD unit members have been very co-operative, as usual, in handling traffic on holidays and carnival week, checking camps, helping in investigations, etc. They were called on several times to assist in locating escapees from the house of correction, also assisted the Conservation Department on deer checks.

One major break in 1960. On the night of August 5, Al's Gun Shop was broken into. Over twenty firearms were stolen, plus large amounts of ammunition, belts, knives and other hunting equipment. With the combined efforts of our department along with the

Sheriffs department and Haverhill, Mass. Police, the stolen guns were recovered, and two men arrested in Haverhill. This took three days investigation. Five to seven years was assessed one of them, seven to twelve for the other. These sentences for armed robbery and stolen cars in Massachusetts.

The Police Department is one of the most important, yet too often neglected organizations of our community, handicapped by an appropriation that is not quite adequate to give the people the full protection they deserve and expect. However, our men are more than glad to be of any assistance, in any way possible, at any time, day or night.

For the third straight year, this department has been presented with a certificate from the Motor Vehicle department in recognition of the exemplory cooperation and support given to the New Hampshire Motor Vehicle Department by the Kingston Police Department, for contributing in great measure to the safety accomplishments in the State of New Hampshire.

Respectfully submitted,

NEWELL V. PITKIN,

Chief of Police

ANNUAL REPORT OF FIRE DEPARTMENT

Delays are dangerous — time is of the essence — a minute wasted is a minute lost. These are but a few of the mottoes that are so applicable to the fire department, and the reason why we urge you to call us without delay.

During 1960, the Kingston Fire Department responded to a total of 59 calls: Out of town, 4; in town, 22; rescue wagon, 33.

On Memorial Day, a service was held at the fire house to honor the deceased members of the Fire Department. At that time, a memorial stone and plaque was dedicated by the members of the association.

This past year, the department had to purchase another chassis to replace the G.M.C. which was no longer adequate. This is in line with our policy of trying to maintain up-to-date and efficient equipment but with a minimum of expense to the town.

We wish to thank all those who made donations to the department, and for the letters of appreciation.

For the benefit of new residents and as a reminder to others:

1. To report all fires or emergencies, the phone number is MI 2-5512.

2. A rescue wagon equipped with a stretcher and resuscitator is available for emergency use.

3. In accordance with the fire laws of the State of New Hampshire:
   Permits to install oil burners must be obtained from the Fire Chief.

Permits to have out door fires must be obtained from the Fire Warden, William Friend.

Our department is composed entirely of volunteer firemen whose only remuneration for their time and effort is their desire to be of assistance to the community. We are most grateful for the support and cooperation we have always received from the townspeople.

Respectfully submitted,

ALFRED L. MOORE,

Chief of Fire Dept.

"Mr. G. Austin Kemp has determined not to accept again the vote of the inhabitants of the School District which has already elected him to a chair of its School Board for ten successive terms over the past thirty years, and therefore it is moved and resolved by this meeting that:

"*Whereas:* the steady and sturdy strides of modernization and progress which have marked the whole educational program of the district through these past thirty years, eighteen years of which he served simultaneously as Chairman of the Supervisory Union Board, have been so directly dependent on the faithful, far sighted, and fundamental leadership and untiring devotion of G. Austin Kemp, and

"*Whereas:* these years have been so signally marked by his careful attention to the operation of the five earlier single room schools, the construction and dedication of the spacious and splendid new Daniel J. Bakie School in 1941 which was doubled in size in 1951 only to need still further, equal enlargement again in 1959 and

"*Whereas:* all of these and un-numbered other great improvements in the educational facilities and educa-

tional program for Kingston children have been accomplished in an atmosphere of neighborly friendship, understanding and unselfishness radiated through the dedicated leadership of G. Austin Kemp and it is now the wishes of the inhabitants of this district to properly note for the record, their appreciation for this outstanding service in their behalf.

"It is therefore unanimously voted by this meeting that this resolution of gratitude and honor to Mr. Kemp be spread on the records of the district and that an engrossed copy of the same be presented to him by the Moderator. March 8, 1960"

A motion was made and passed that the meeting be adjourned at 9:20 p.m.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

During the last 10 years or so a population increase has been moving steadily north from Massachusetts up throughout southern New Hampshire. Communities close by have and are experiencing tremendous pressure because of new people moving in. Kingston is beginning to experience this same problem. To those who are not vitally effected or concerned about this movement of people within a community, it is difficult to feel this or realize it at first. For this reason I would like to call to your attention some things that have been happening within the last few years. I am certain that all of you have noticed a new house going up here and there or a family moving out and new ones moving in. Let me show you what such simple events do to our school enrollment.

According to these figures and according to the best information available we do not have any indication that this type of thing is going to stop, or that it is not going to increase more than it has in the past. This very slow increase caused you to put on an addition a few years ago. This same increase is causing a population problem within our school structure at the present time, and if this is remedied by either of the proposed alternatives presented by the Board at the present time even then it would seem that we will be again faced with a like problem in a few years. That is, five years from now we will again be looking around for additional classroom space.

The growth then has created an educational problem which only you the citizens of Kingston can solve. What you must do is ask yourself whether or not you wish to continue the type of education that you presently have. If you wish to do this then it will be necessary to vote for either one of the School Board's proposals relative to providing additional space for classrooms.

Reference is made again this year to the questions brought to your attention last year in my report to you; mainly the type of education you expect and the type you are willing to support. We still need to reduce class size to 25 or 30. We still need a program of studies. We still need a basic series in our subject areas. In addition one of the greatest needs in this Union is still help at the Union level. This is in relation to the position of Superintendent. It is unreasonable to expect anyone to fulfill all the obligations this

person should fulfill as Superintendent of Schools and properly care for all the communities that are expected to be cared for in this Union. I feel it necessary to again this year request and emphasize the need for a Helping Teacher.

In looking over our needs listed last year it is noted that some of them have been fulfilled. For example, we are rapidly progressing toward a program of minimum essentials and a program of studies. We have improved our basic series in the subject areas. We have evaluated and made changes and are now using a new report card. We have developed and have only recently put into use a permanent record system that is universal throughout the Union. There is being offered an inservice training program for teachers, insignificant as it is at the present time, we are providing courses to improve teaching ability.

In conclusion I would like to offer to you as parents and citizens a challenge. Let us all search ourselves and others to determine what type of school is most desirable, ask ourselves if our school presently fits these requirements, and if not attempt to create change so that it will.

SCHOOL HEALTH REPORT

To the Superintendent of Schools:

As a newcomer in the position of School Nurse-Teacher I was surprised and pleased at the changes that have occurred over the years. No longer is the nurse responsible only for checking heads, fingernails, etc. The entire wellbeing, physical and mental, of every child with whom she comes in contact, is of vital importance to her.

Kingston is indeed fortunate to have teachers interested in the health and health education of their pupils. Because they observe them daily, any difficulties are seen and are reported to the nurse. She can then proceed to work with these children and their parents to overcome the problems.

This past year all children received routine checkups on height, weight, hearing and vision.

A Dental Health program was carried out by the P. T. A. with about 35 children taken to the dentist. It is hoped that when this clinic is over, the work that has been started will be continued by those families who are able to do so.

A Speech Therapy Clinic was available this year to all who needed this type of help, but there were none in Kingston taking advantage of it.

I would like to thank all the people and groups who have helped with their services and financial aid.

Respectfully submitted,

SHIRLEY TOWNSEND, R. N.,

School Nurse-Teacher
